PREDICT AGREEMENT

Administration Seen Ready To
Compromise With The
G. O. P. on Program

HARRISBURG, July 30—On the heels of the revelation that relief funds totaling more than \$1,000,000 have been sequestered by Governor Earle, while thousands suffered hardships because political bickerings in the Legislature held up provision of food and shelter for them, it was reported last night that the administration, fearing further embarrassing disclosures, is prepared to reach an agreement with the Republican-controlled Senate on revenue measures calculated to provide sufficient money to finance unemployment relief until the end of next January.

Between the warring groups there remained to be decided the problem of providing something between \$4,500,000 and \$7,000,000 for flood control, social security and other obligations over and above the \$45,000,000 needed for relief.

While the dickering was going on today, the Senate Finance Committee looked into reports that there is in the State Treasury an unused balance from the Federal grant made to the State last December.

The sum, it was ascertained, totaled \$1,057,292.26 and is solely at the disposal of Governor Earle, whose solicitude for the unemployed has been shouted from every housetop in the Commonwealth.

There was still considerable difference of opinion tonight on the best method to pursue to obtain revenue required to meet obligations exclusive of relief.

Republicans urge that the extra revenue should be obtained by use of excess revenues of the 1935-37 biennium, which the Administration says is illegal, while Democrats favor the imposition of an extra half cent a gallon on the present four-cent gasoline tax.

In obtaining a settlement of the fight to raise relief funds the Republican majority of the Senate consented to increasing the corporate net income tax to 10 per cent, which will produce \$12,000,000 and raising the two cent cigarette tax another half cent, which is estimated to produce \$2,000,000.

The Democrats, in making concessions to effect the compromise, agreed to accept the Republican estimate of anticipated revenue on the corporate net income tax, as well as boosting the Administration's \$1,500,000 estimate on the corporate loans tax to \$3,000,000.

As tentatively agreed upon, the revenue measures to provide relief funds, including those already enacted, follow:

Tax	Return
Personal property	\$18,000,000
10% Liquor levy	7,500,000
10% Corporate net income	12,000,000
levy	2,000,000
Cigarette levy	2,000,000
Extension of personal property	2,500,000
levy to banks and	
trust companies	500,000
Extension of inheritance laws	3,000,000
Corporate loans	3,000,000
Total	\$45,500,000

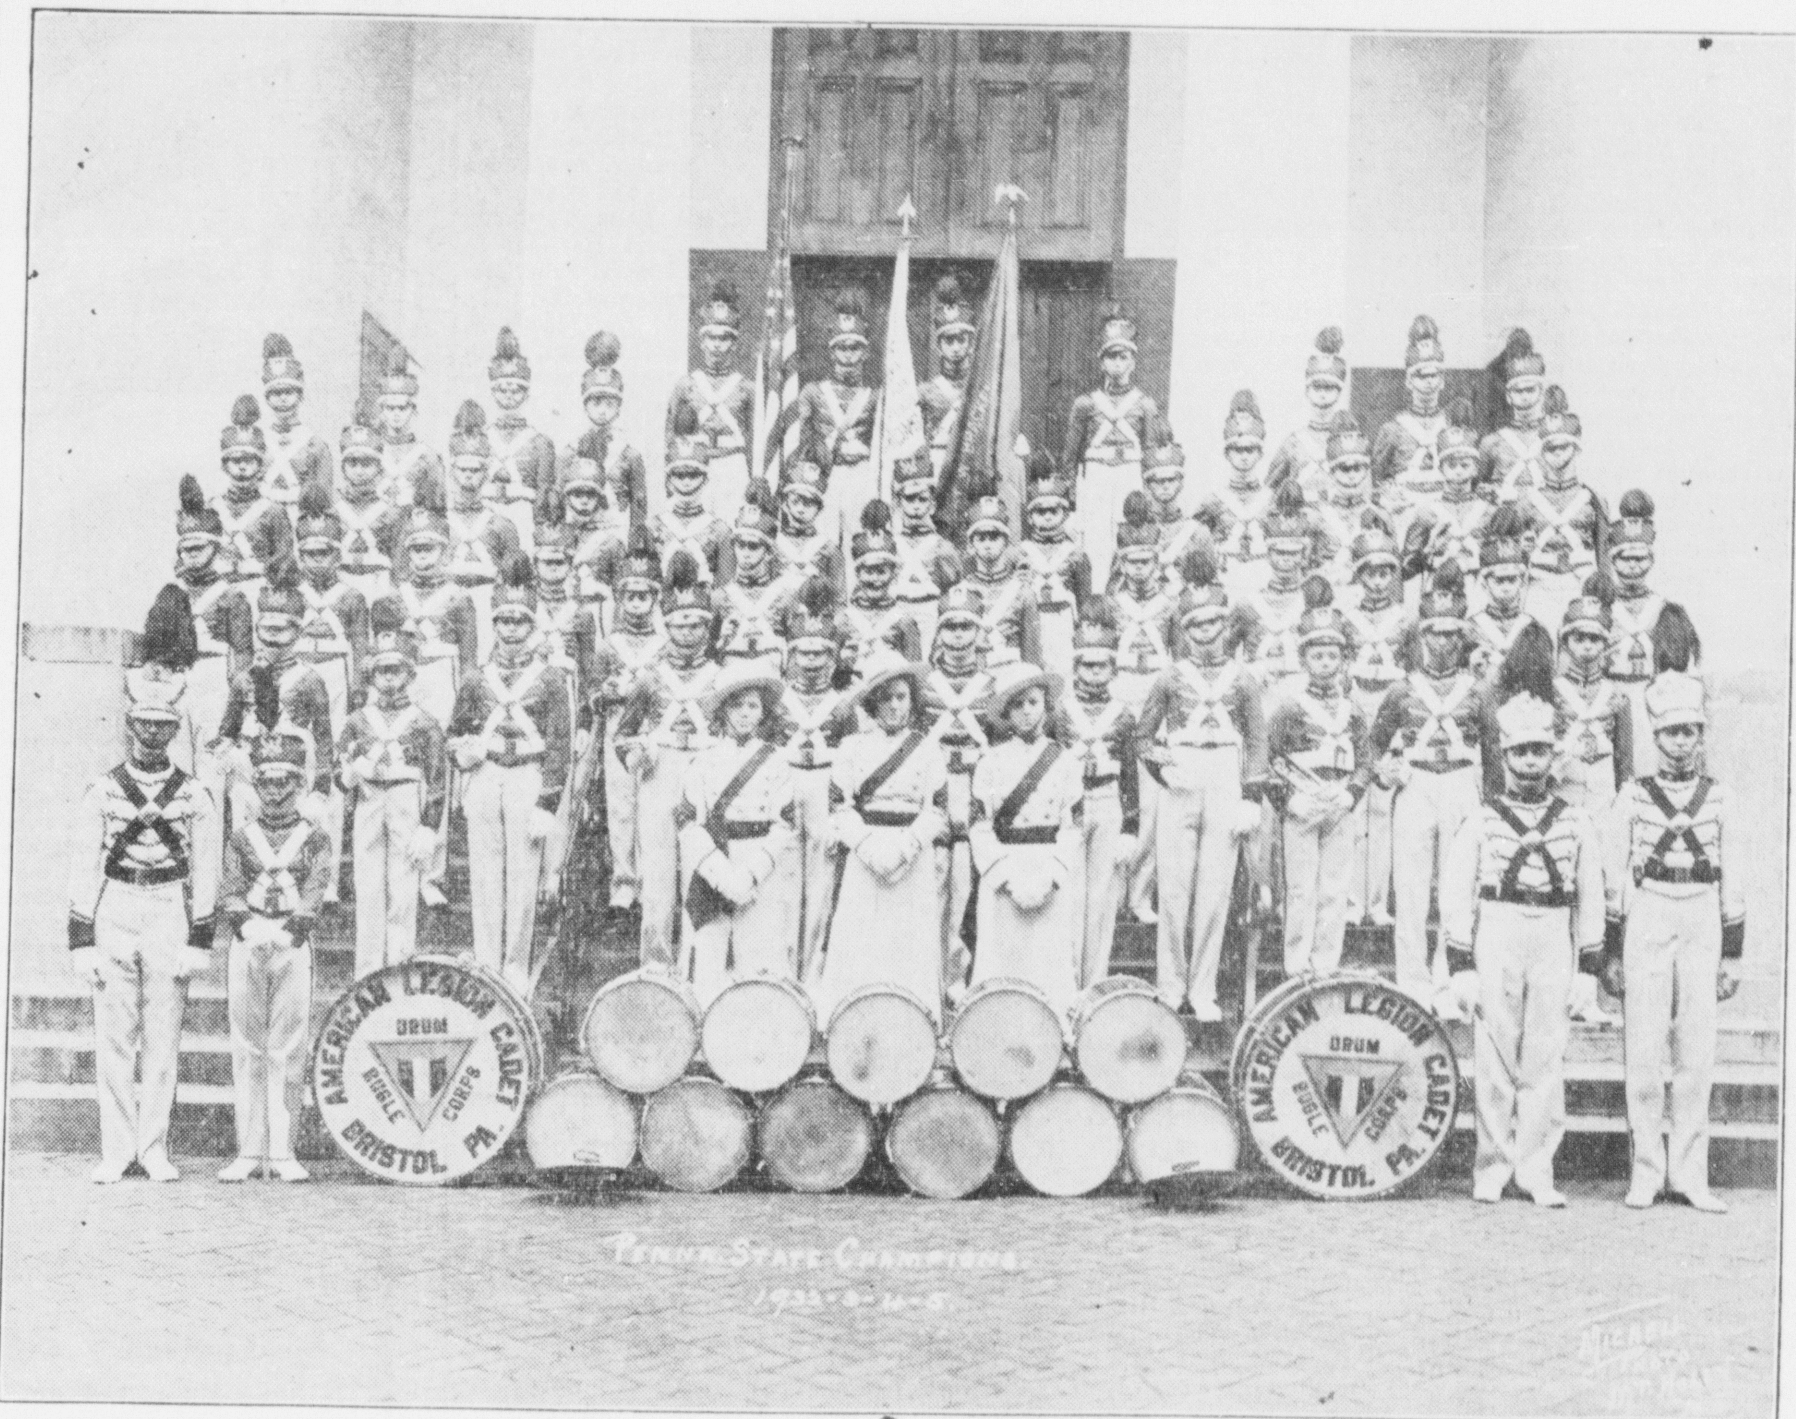

In providing funds for unemployment relief, a tax anticipation note bill in the amount of \$45,000,000 will be passed by the General Assembly, with the possibility that a transfer from special funds might be made to meet emergency needs. Or custodial funds might purchase temporary tax anticipation notes to restore relief assistance.

"I can report that we have reached a substantial agreement on providing relief funds," said Senator Huffman as he moved at 5:35 p. m. that the Senate adjourn until 3 p. m. tomorrow.

Democratic Senators, in according to the tentative tax plan are insisting, however, that the Republican majority remove from the \$45,000,000 general relief appropriation bill, the rider providing for the return of Administration of relief to poor boards and county boards after December 1.

It is expected that the Republican majority of the Senate will agree to rip that provision out of the bill if

**College Students
Good Credit Risks**

LOS ANGELES, July 30—(INS)—College students are good credit risks, being 98 per cent honest.

That was the report today on student loans at the University of California at Los Angeles, compiled by Joe Fike, student in charge of loan accounting.

Male students, however, repay their loans more quickly than women, probably because they work during the summer while the co-eds usually must wait until after graduation, when they obtain regular employment.

NORTHERN SPANISH REBEL HEADQUARTERS, BURGOS. (By Courier to French frontier.)—Spanish white and red struggles, today, was in a sanguinary deadlock on a front extending clear across the peninsula, while the whites planned small advances, terror has gripped the population behind the lines on both sides.

Executions are now the order of the day in this civil war, which more than ever resembles the first phases of the Bolshevik revolution when the Kornilov's white troops were advancing on red Petrograd.

Prisoners are being put up against the wall and shot, and in many sectors, no warning is given.

The shots of the firing squad shatter the night here in Burgos, where the white government announced the execution of their prisoners. Captain Francisco Gordon, of the Carabineros, was captured leading the red militia to Espinosa De Los Monteros.

It was announced that the reds killed a bishop and pillaged the town at Sidiuena.

On their way through Gaste, the reds, according to the white reports, routed several priests and burned two churches. The white military command at Leon captured ten prisoners.

Lightning Hits Senator

Solomon's Island, Md., July 30—Knocked unconscious by a bolt of lightning which struck the small fishing boat, the Catfish, late yesterday, Senator Vic Donahey, 61, (Democrat), of Ohio, had two burned hands today to show how he miraculously escaped death.

The bolt splintered the mast of the small craft as it was riding the waves of the Chesapeake Bay, outside this fishing center. It injured the captain and knocked the Senator to the deck. He was unconscious for several minutes. He complained of his right side feeling numb.

STATEMENT ON RELIEF SITUATIONCorrespondence between Dr. Karl de Schweinitz, Executive
Director, State Emergency Relief Board, and Senator John J.
McClure, of Delaware County:

July 23, 1936.

Doctor Karl de Schweinitz,
Executive Director,
State Emergency Relief Board,
Harrisburg, Pennsylvania.

Dear Doctor de Schweinitz:

We acknowledge your courteous favor of the 21st. None regret more than the members of the Senate Finance Committee, the wholly unnecessary stoppage of relief on July 21st, and the sufferings thereby imposed upon the unfortunate unemployed of Pennsylvania.

At the time you wrote, there had been enacted into law, and signed by the Governor, new tax measures which are estimated by the Senate Finance Committee to make at least \$32,000,000 immediately available for Unemployment Relief, and which under the arbitrarily low estimates of the Department of Revenue amount to \$27,500,000.

The 10% Liquor Tax was a law as far back as June 9th, and both the Republicans and Democrats agree that this will produce at least \$7,500,000. On July 14th the Governor signed the Joint Inheritance Taxes Law, which it is agreed will produce another \$500,000. Three days later he signed the 3-mill Personal Property Tax Act, which also increases the Corporate Loans Tax by 3 mills. This act, we estimate, will produce not less than \$24,000,000, but which the Democratic leadership contends will not yield more than \$19,500,000.

Whatever difference there may be in the estimates of return of revenue from these measures, the fact is that even under the arbitrary and exceedingly low estimate of the Administration and its supporters, there had been enacted into law, as set forth above, new taxes in excess of \$25,000,000 for Unemployment Relief, before the date of your letter.

You are doubtless also aware that on the very day you wrote the letter here acknowledged, Representative Cohen, Democratic Floor Leader of the House, blocked consideration of a resolution by Republican Floor Leader Witkin, by which \$1,500,000 would have been immediately transferred to Emergency Relief from the \$2,240,000 cash on hand in the State Stores Fund, and payment of relief checks would have continued without interruption.

**PLAN TO SAFEGUARD
FAMOUS PAINTINGS**Concern Has Arisen Over
Preserving Texture And
Colors Used**TO EXHIBIT PAINTINGS**

NEW HOPE, July 30—In an effort to guard the texture and the colors used in some of the outstanding paintings in the country, artists of this town have lately been visited and their aid solicited in a movement to prevent this deterioration.

In many of the art galleries of the country there has arisen a real concern as to the permanency of the pigments employed by the artists in recent years. It is to safeguard this that the proposal has been made.

Many artists from all sections of the land have already contributed to form a collection of paintings that are grouped into units now being exhibited. The paintings are on canvases of uniform size and on the back of each one is listed the colors used and a certificate of pigment quality. This group of paintings is known as the "Ischromatic" exhibition.

One of these groups will be exhibited in New Hope beginning September 15, in a room in the River House which has been offered for that purpose. Arrangements have been made for this exhibit and for the inclusion of other local artists in the extension of this project.

The latest development of the movement is the inclusion of water colors as well as the oil paints. Some of the artists of the New Hope colony who have endorsed the plans are: Miss M. Elizabeth Price, Henry B. Snell, K. R. Nunamaker, Harry Leith-Ross, Mrs. George Sotter and Dr. R. C. Magill.

In the exhibition now on display, the work of Harry Leith-Ross, "Dishwasher at a Country Fair" has been chosen as representing the best in modern American art and Mayor Magill, of New Hope, also has a painting in the collection now on tour. It is entitled "Empty House" and his subject was a scene on Mechanic Street. This picture has created wide comment in the galleries where it has been exhibited.

Mrs. George Ahlee, Hulmeville, spent Monday as the guest of Mr. and Mrs. W. H. Halpin, 321 Hayes street.

The American Legion Cadets, four times State Junior Champions, are planning to defend their championship at Johnstown on August 20th. To help defray their expenses, the boys have planned "tag days" tomorrow and Saturday. On these days the members of the corps, in uniform, will be on the streets making calls to collect any donations to help pay for their trip.

Commander Schmidt believes that the citizens of Bristol are proud of the Cadets, and are interested enough in their success to help in this way.

"The cities and towns throughout the State, associate State Junior Champions with Bristol," stated the Commander, "and it is hoped that the people will be most generous in their donations. This will assist the boys in upholding Bristol's reputation for putting things across. We must not fail our boys."

If you are not "tagged" by one of the cadets, Commander Schmidt or one of the Post members will gladly call on you, if you telephone the post.

**Says General Custer
Was Too Stubborn**

NORTHVILLE, Mich., July 30—(INS)—Frank Pontney, one of the few surviving Indian War veterans and a soldier who fought with Gen. George A. Custer, has his own explanation of why Custer and 212 fighting men were massacred at Little Big Horn, Mont., on June 25, 1876.

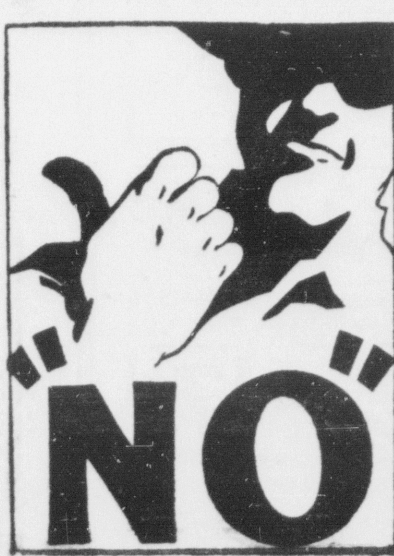

"Custer disobeyed orders," flatly states Pontney. "That's why he was killed. He had been ordered by Gen. Miles to reconnoiter and report back. But he was a show-off and wanted to make himself a hero by defeating the Indians single-handed. And he and all his command were killed. We were waiting for a report and rushed up as soon as we learned of the battle, to find all dead."

A DECLARATION OF INDEPENDENCE

When Governor Alfred M. Landon issued a new Declaration of American Independence at Topeka, the thoughtful, the historical-minded among the millions who heard him must have said, "the newer things become, the more they are the same."

In 1776 the problem that faced Americans was the problem of too much government. Regimented and taxed to the breaking point by a foreign despot, Americans then knew how to handle the problem. They handled it so effectively that it did not again rear its head for more than 150 years.

But here it is again. This time its implications are not confined to a tax on tea. Everything else that enters into the daily lives of the people is taxed equally monstrously. And again the fact that laws are made by a despot instead of by the elected representatives of the people is part of the problem.

Governor Landon is the George Washington of 1936. His speech accepting the Republican nomination for President of the United States is a rallying cry for a New Continental Army to rout the red-coats. There are no rabble-rousing phrases, only thoughtful words that give indication of a full realization of the gravity of the situation that confronts this Nation of once free men.

In calm, measured sentences Governor Landon discusses the conflicting theories of government and life that will be decided in the most momentous election in a century at the polls in November. There is no name-calling, although the provocation must have been great; instead the demagogic, unbridled and incendiary outbursts of his opponent are virtually ignored.

It is to the problems created by four years of Rooseveltism, not to Roosevelt, the pawn, that Landon addresses himself. America must be returned to the American way. Roosevelt is unimportant, as men of his bent have always been and must of necessity continue to be. It is the threat to America embodied in their careers that is the danger to be met by patriotic men and women.

The setting for this new defi to despotism, autocracy and all the foreign influences that have, in three short years, arisen to menace the liberties of the American people as they have not been threatened since 1776, was ideal. Seventy-six years ago this Nation first reached out to a typical Prairie State for a man to lead it out of the morass of Democratic stupidity. That State was Illinois. That man was Lincoln.

Today, more than ever, the Prairies and the Plains typify the Real America. In moving westward from the Eastern Seaboard, the course of Empire has created new problems that were unknown when the plains area was the domain of the Indian and the buffalo.

The task that faces Landon is herculean. The task of the fiscal mess at Washington rises in odorous refrain to four crazy years of lunacy.

Governor Landon has spoken, and his words should be read and reread by every patriotic American. When the problem is understood the hosts now coming forward to swear allegiance to a Free Country will become a mighty avalanche that will write history at the ballot boxes in November.

HAPPY RELIEF FROM PAINFUL BACKACHE

Caused by Tired Kidneys

Many of those gnawing, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way.

The kidneys are one of Nature's chief ways of taking acids and wastes out of the blood. A healthy person should pass about 3 pints a day and so get rid of more than 3 pounds of waste matter.

If the 15 miles of kidney tubes and filters don't work well, waste stays in the body and may become poisonous. It may start nagging backaches, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Don't let it lay you up.

Ask your druggist for Doan's Pills—used successfully by millions for over 40 years. They give happy relief and will help to flush out the 15 miles of kidney tubes. Get Doan's Pills. (Advertisement)

"BICYCLE-AIRPLANE"

VIENNA — (INS) — A "bicycle-

airplane," constructed by the Austrian inventor, Julius Berger, is the latest sensation of Vienna.

It is propelled like a bicycle, its flight resembling that of a dragon-fly. It can take off from any street wide enough for its wings, and can glide in the air as a bird does, according to Herr Berger.

A CONTRAST IN METHODS

IN 1917-1918 THE WAR CONGRESS and Woodrow Wilson got trained men, adding nearly 400 thousand Government employees to the rolls, after they had passed Civil Service examinations to test their fitness. In 1933-1935 New Deal Congresses and Franklin D. Roosevelt reduced Civil Service employees, but boosted the Federal payroll 600 million dollars, by putting on 250 thousand non-Civil Service employees. Wilson used the Merit System, Roosevelt the Spoils System. Civil Service employees may not engage in political activities. But non-Civil Service employees, appointed through political influence, are expected to be politically active. The New Deal has the most costly political army in our history, and it is paid for by taxpayers.

paid with his life today for an attempted holdup that failed.

Fatally wounded by patrolman Pat McDannel, the would-be holdup man, Frank Wiczorkowski, died in the Hamlet hospital. He was wounded when McDannel responded to a call from R. S. Beckwith, the intended victim, who fled in his car after the hold-up man accosted him at a gasoline station.

—RECIPES—

Queen Cake

One-half cup shortening, one-half teaspoon vanilla, one cup sugar, two eggs unbeaten, two cups sifted flour, two and one-half teaspoons baking powder, three-fourths cup milk.

Sift flour and baking powder together three times. Add small amounts of flour to creamed mixture, alternately with milk, beating after each addition until smooth. Pour batter into two eight-inch layer pans that have been well greased and floured. Bake in a moderate oven 375 degrees F. for 25 minutes. Cover with a Chocolate Frosting.

Chocolate Frosting

Two tablespoons fat, one tablespoon butter, three ounces of chocolate, five tablespoons hot milk, one and one-half cups sifted confectioner's sugar, one-half teaspoon vanilla, one-fourth teaspoon salt.

Melt fat, butter and chocolate together over hot water. Pour hot milk over sugar and stir until sugar is dissolved. Add vanilla and salt. Add chocolate mixture and beat until smooth and thick enough to spread.

Cover top and sides of two eight-inch layers.

Banana Frosting

One tablespoon butter, one tablespoon shortening, one teaspoon lemon juice, one-fourth teaspoon salt, two cups confectioner's sugar (about), one large banana mashed.

Cream butter and shortening, add lemon juice, salt and one-half cup sugar. Blend well. Add banana and beat. Add remaining sugar gradually, beating until light and creamy. If desired, a little cream may be beaten in to make the frosting more fluffy.

STATEMENT ON RELIEF SITUATION

Continued from Page One

We call your attention to the fact that aside from the sale of Tax Anticipation notes, the bill for which has been passed by the Republican majority of the Senate, there is no means of meeting the emergency requirements of relief except by the transfer from special funds—these transfers, of course, to be repaid out of revenues forthcoming from tax measures enacted by this Special Session.

There was, on the date of your letter, approximately \$49,000,000 in the General Fund, from at least \$20,000,000 of which transfers could have been made to meet the emergency requirements of relief.

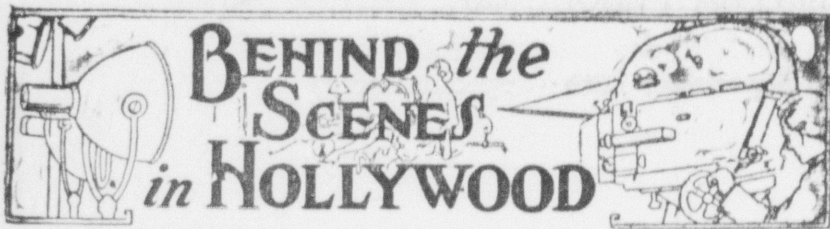

The transfers that have been made to date total \$21,716,211. If that sum is charged against the revenue measures which were law before you wrote your letter of July 21st, there would still be prospective revenues of from \$14,000,000 to \$19,000,000 to have secured the proposed transfer of \$1,500,000 from the State Stores on July 21st, to have prevented the suspension of relief.

Nevertheless, with such stoppage of relief as the only alternative, the Democratic leadership of the House on that date prevented the consideration of that transfer, with results which you have set forth in your letter.

With sincere appreciation of the spirit in which you wrote, we are, nevertheless, inclined to believe that in the light of the facts here set forth, your communication should have been addressed to the Democratic leadership of the House, where rests the full and unescapable responsibility for the wrecking of relief and the intolerable situation which has prevailed in the General Assembly.

Very truly yours,

(Signed) JOHN J. MCCLURE.

HOLLYWOOD—Figure out this mystery and relieve the mind of Helen Flint. The blonde actress (remember her swell performance as the fast woman in "Ah Wilderness") recently lost a \$1,500 sapphire and diamond ring. It may have disappeared on the set, at Paramount. The picture was "A Son Comes Home". Or she may have lost it on the way to the studio. Anyway, Helen had given the ring up as gone, and the other day when a man called her mother on the telephone and said not to worry, that the jewel would be returned.

The next act in the mystery took place the next day when a neighbor boy delivered a small package to the actress' house. Inside a covering of brown paper was a match box containing the ring. According to the boy, a strange man had asked him to deliver the package to the star's home. Now Helen can't sleep for wondering what it is all about.

After all the talk, Mary Carlisle did not meet the train upon which Paul Mitchell, her persistent British admirer, was due to arrive in Hollywood. The starlet's friends say it is all too silly, to talk of romance, because she only knew Mitchell for five days during her stay in Paris.

Donald Crisp is off soon for five months in the Orient, but it doesn't mean a rift in his marriage with Jane Murnin, the scenarist. Crisp takes a solo vacation every year, or has, at least, for the last seven. He goes on motor tours in various foreign lands, the back of his car packed with sleeping bag, clothes, foodstuff and a camp stove. This time, his destination will be India, China and Sumatra, and he leaves, by tramp steamer, as soon as he finishes in the Hepburn flicker, "Portrait of a Rebel".

You Asked Me and I'm Telling You! R. B. Turk, San Francisco: Yes, there will be a bathtub scene in De Mille's picture, "The Plainsman", but it will be of Gary Cooper soaping himself in the back room of a frontier barber shop. As a

matter of fact, this is only the eleventh bathtub scene in 63 De Mille pictures.

The experience of Judith Allen and Jack Doyle driving across the drought-stricken middle west were tough enough. Their Pekinese pup went berserk with the heat and they had to keep a 25-pound hunk of ice in the back of the car to save the pooch's head.

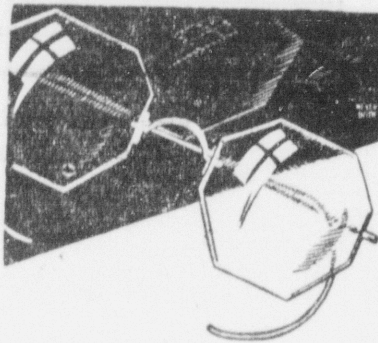

It isn't entirely the director who makes Roland Young that way on the screen. Maybe it's a gag, but the comedian recently was discovered to be wearing a key chain that wrapped four times around his waist. And, when asked for an explanation, said: "Well, I know that, some day, I'm going to have to reach up and unlock something way over my head."

Here and There in Movieland... John Bryan, whose mama is the ambassadress, Ruth Bryan Owen, will play the part of the poet, de laus, in Garbo's "Camille".

Reg. Denny's toy airplane just landed him a \$15,000 order with an eastern factory. The Frank Lloyds are knocking at the Hollywood record. They just celebrated their twenty-third wedding anniversary.

Glenda Farrell's latest escort is Drew Ebersson. Saw John Barrymore at M. G. M. and looking much improved for his rest in Santa Barbara. The Ernst Lubitsch (Vivian Gaye) are building a summer home on the north shore at Lake Arrowhead. You can get some of the best raviolis and spaghetti in town at the little restaurant Jack La Rue is financing on Ventura boulevard. Perc Westmore is writing a book on Hollywood makeup, with an idea of a text for the general public. He is looking for a good title, if you have an idea. Harry Langdon writes from the S. S. Narkunda that he is on his way from Australia to London. And Joe E. Brown has bought a 20-acre farm in the valley. He'll try to make it self sustaining.

Today's Puzzle: What blonde Hollywood actress may be headed for trouble in London through her attachment for a titled lad?

SLANTS OF "MILT" JONES BAFFLE THIRD WARD A. C.

BRISTOL TWILIGHT LEAGUE

Schedule for tonight—
THIRD WARD vs. J. A. C.
(Leedom's field)

WIBERNIANS vs. ODD FELLOWS
(Landreth's field)

The slants of "Milt" Jones baffled the Third Ward A. C. last night on Landreth's field as the Odd Fellows chalked up their sixth victory of the second half of the Bristol Twilight League circuit. Jones held the Pikers to four blows in beating them, 5-1.

The losing moundman was Earl Jefferies who started on the hill but did not finish, giving way to Billy Gallagher in the fifth. Before the fatal frame, Jefferies had allowed but one hit and a lone run. Gallagher as a relief twirler gave up two bingles.

In all the winners were credited with six safe bingles, four coming in the fifth which accounted for a quartet of markers. In this canto, Benny Paul opened with a double to right and Jake Paul was given a pass. Jones sacrificed the runners to third and second respectively. Andy was the man of the hour in the pinch and scored a run with a single. Freddie Hibbs came out of his slump and delivered a double which proved to be the telling wallop of the game. This finished Jefferies and Gallagher went in. He got Ritter on a fly to center but Leo Hibbs singled, scoring Fred Hibbs. Cooper was the third out on his lift to Grimes.

After being blanked for five frames, the Warders counted in the sixth. Hughes bunted the third strike and went out. Hetherington got a hit, and advanced on a passed ball. He scored on a single by Stanley Dick.

The fielding gem of the tilt took place in the fifth when George Ritter completed an unassisted double-play, taking Jefferies' liner and doubling Gallagher off second. Gallagher was on the keystone sack as the result of a single.

KITTY WILL SOON LEARN

EUREKA, Mich., July 20.—(INS)—Frank Wheelock, local resident, is in quite a predicament, and unless he gets out of it he is afraid it "will smell to high heaven." His cat adopted six baby skunks in addition to her own brood of three kittens.

RIVERTON NINE TO PLAY LANDRETH NINE HERE

Tomorrow evening at 6:15 at the Landreth Ball Park, Riverton will play the Farmers. No doubt many of the local baseball fans will remember the two exciting games played by Riverton here last season. Landreth won the first game and Riverton won the second game.

The Riverton Club this year has a first-class line-up. They have been playing home every Saturday and have been playing away on Friday evening and Sundays. They have won most of their games. The Farmers are going at a fast rate now and hope, of course, to take over the Jerseymen.

Sunday at three o'clock Holmesburg, last year's champions of the Philadelphia Quaker City League, will play on the Landreth diamond. These clubs met before earlier in the season and Holmesburg beat the Farmers 2-1 in 11 innings.

RESCUE SQUAD MITTMAN TO BATTLE TALLIRIDA

Willie Leighton, the Rescue Squad mittman, will try for his seventh straight triumph in the St. Ann's outdoor arena, Monday night, when he fights Pete Tallirida, Mason, in one of the ten bouts. The boxing show is being held under the supervision of the Middle Atlantic district of the A. A. U., and sponsored by the St. Ann's Athletic Association.

Leighton is anticipating plenty of trouble in his next bout and is training hard to be in tip-top shape. Tallirida almost beat Tony Maglione in a bout here several months ago and is well on his way to the top. Leighton's record is nothing to overlook as he has scored consecutive wins over Carmen Volio, twice; Danny Murray, George Lyons, Richard Pugh, and Felix La Plaza. The only boys to beat him were Joe Stack, Carmen Volio, and Angelo Frescano. Leighton also holds a triumph over Eddie Swartz.

Another bout which is expected to receive the plaudits of the local followers of the amateur boxing game is that between those two sluggers, Charlie Sullick, Kensington, and William Wiggins, Arena. Sullick is remembered for the slugfest he put on with Harry Gruber, while Higgins is the youth who stopped the eleven fight winning streak of Tommy Lamont at the Philadelphia Arena and then repeated the performance here.

Besides the above bouts, Matchmaker Patsy Moffo has received the sanctions for four other bouts. Vince Delia will fight Benny Lamonia, Angelo Mocerri fights Jack Porter, Johnny Litto tackles Morris Bracey and Johnny Forte mixes it up with Al Neary.

Tickets for the bouts are on sale at the St. Ann's club house. Charles Alta is in charge of reservations.

DETROIT.—(INS)—The millennium for dogs is just around the corner! A large firm here is about to produce air-conditioned dog kennels. The air will be automatically filtered and humidified. The kennels will also be heated in winter.

Forces Sweep Forward

By Thomas Lonyze
(I. N. S. Staff Correspondent)

Madrid, July 29.—Sweeping far north in a powerful offensive that cut into government territory, southern rebel forces with headquarters at Seville, today proclaimed the communication between Madrid and the eastern seaport at Valencia is now being threatened. It was broadcast that the town is already taken. Several of the rail lines from Madrid to the coast will eliminate the last way of evacuation of the Americans and other foreigners in the capital.

Including the important seaport of Huelva, the rebels now hold territory between Seville and the Portuguese frontier, their leaders asserted.

Chicago, Ill., July 30.—Before an expected crowd of 50,000, Colonel Frank Knox, Chicago publisher, will be formally notified tonight that he is the choice of the Republican party for vice-president.

Preceded by a parade, the notification ceremony will take place at the Chicago stadium, scene of many famous sport and political events, on the city's west side. Senator Frederick Steiwer, of Oregon, keynote at the Republican convention, will make the notification address. Colonel Knox will respond with his speech of acceptance, outlining his views on the issue of the campaign.

Charge Gov. Earle Is Hiding \$1,057,292 U. S. Relief Grant

Continued from Page One

The Governor agrees to use all excess revenues, including anticipated liquor profits, to meet flood control and social security requirements.

Under a compromise plan offered by the Senate Republicans last night, which was rejected in part by the Governor at a Democratic caucus today, the G. O. P. proposed use of \$4,500,000 of the liquor system's profits.

The Governor, fortified by an opinion from Attorney General Charles J. Margiotti, claims that use of the liquor

profits is illegal since they are pledged with other revenue of the biennium against the 1935 tax anticipation issue of \$50,000,000.

In urging the use of the liquor profits, the Republicans propose that the money be taken when needed for financing the flood control and social security program of between \$4,500,000 and \$7,000,000, the amount to be determined by the Governor when approximating appropriation deficiency bills.

The Administration is said to have proposed that the money for social security and flood control be raised by increasing the gasoline tax to 4½ cents a gallon, the half cent boost to yield approximately \$5,000,000 for required needs.

In agreeing to accept the Republican estimate on a 10% corporate net income tax the Democrats are insisting on the elimination of the provision permitting corporations to make consolidated returns.

They are also insisting that in boosting the cigarette tax, the bill be introduced by a Republican member of the House.

Although the Democrats were adamant in their stand that a Republican introduce the cigarette tax increase, Representative Morton Witkin, Philadelphia, G. O. P. floor leader, opposed the plan.

He said House Republicans are against the increase of the tax because "we do not believe in taxing the man on the street."

He suggested that any other tax to raise \$2,000,000 be adopted.

Another demand of the Democrats is that in the event of any deficiency as a result of estimates of anticipated

revenues not meeting expectations, the Republicans at the next regular session join to provide the money. Democrats apparently are fearful they will not be successful in their attempt to control the Senate and possibly lose control of the House.

The House held two brief routine sessions today and adjourned at 7:30 p. m. until 3 p. m. tomorrow.

The charge of the Republicans that more than a million dollars remains as a balance of Federal relief grants was quickly denied in Administration circles. It was claimed by administration advisors that most of the money is committed and that an actual balance of \$60,000 would remain if all obligations are met.

Knowledge of the fact that the million dollar balance remains was gained by the Senate Finance Committee from Relief Director Karl de Schweinitz.

Although the Administration denied that only \$60,000 is uncommitted from the Federal relief grant, de Schweinitz told the committee that \$508,102.92 is still unallocated.

Part of the money, in the sum of \$4,000, was used to feed the "jobless army," now in possession of the Senate gallery.

The unemployed spent most of the day awaiting the Senate session by singing and shouting for a \$100,000,000 relief appropriation.

As the Senate convened the "marchers" yelled "no poor board Administration," but they quickly quieted gallery.

down when admonished by Lieutenant Governor Thomas Kennedy.

"Don't interfere with the process of law and order," Kennedy warned as he opened the session.

The "marchers" remained silent until after the Chamber adjourned until tomorrow. After adjournment they broke out anew in their boisterous cheering and retained possession of the gallery.
